

2021 FAMILY GRANT SURVEY RESULTS

Bringing Hope Home pays essential household bills for Families battling cancer in the Greater Philadelphia Area. Through our Light of Hope Family Grant Program, we assist Families with rent and mortgage payments, as well as monthly household utility bills.

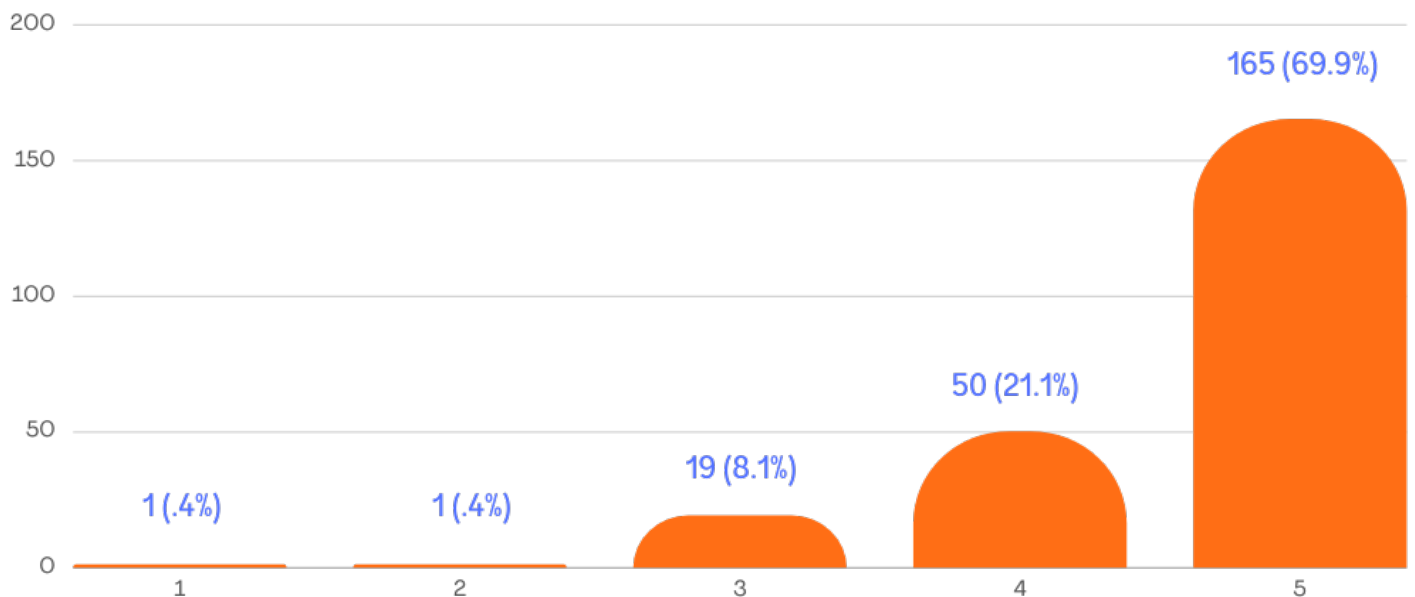

Recently, we reached out to all of our Families assisted in 2021 through our Light of Hope Family Grant grant to complete a survey. Surveys were issued via email and by mail for any Family we did not have an email address for. We received responses from over 32% of our Families helped. Families were asked a number of questions, aimed at measuring the financial and emotional impact that our financial assistance had on them, specifically on their stress and healing. Below are the results of our survey.
