

# 2022 LIGHT OF HOPE FAMILY PROGRAM SURVEY RESULTS

Bringing Hope Home pays essential household bills for Families battling cancer in the Greater Philadelphia Area. Through our Light of Hope Family Program, we supported 1,030 Families in 2022 with rent and mortgage payments, as well as monthly household utility bills.

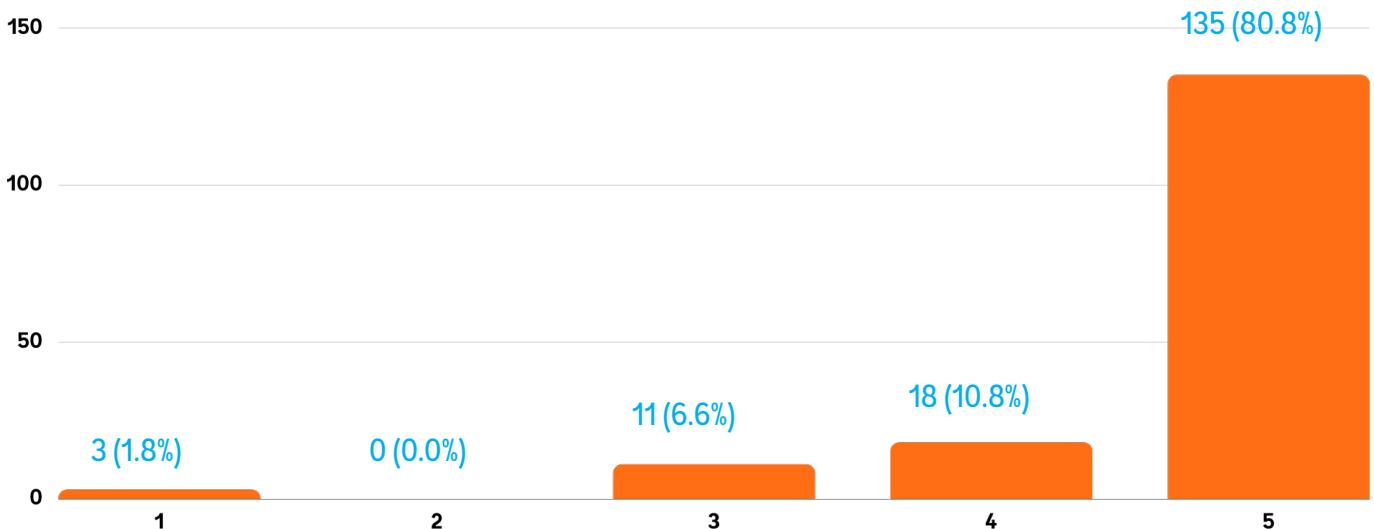

Recently, we reached out to all of our Families assisted in 2022 to complete a survey. Families were asked a number of questions, aimed at measuring the financial and emotional impact that our financial assistance had on them, specifically on their stress and healing. Below are the results of our survey.

DO YOU BELIEVE THAT THE LIGHT OF HOPE FAMILY PROGRAM HELPED TO BRIDGE THE FINANCIAL GAP FOR YOU AND YOUR FAMILY?

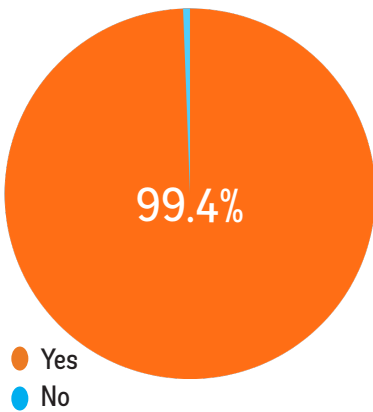

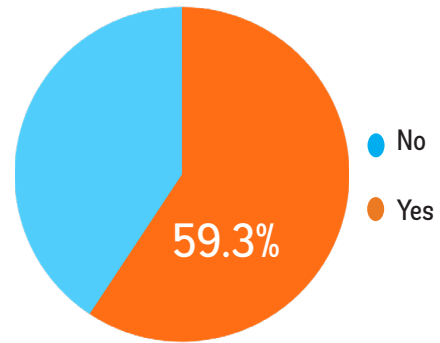

“The Light of Hope Family Grant helped by giving us time to breathe and the ability to use the money we would spend on bills to go toward the cost of radiation treatment not covered by insurance. We don’t know how to thank you for your kindness, not just for the help financially but the fun and uplifting cards sent by the children. We have them hanging on our fridge as a daily reminder of the kindness and thoughtfulness of the little ones. They warm our hearts and put smiles on our faces every day. The ACME gift cards are very much appreciated and will help me to prepare healthy meals for my family. Again, thank you so much for your generosity.” - BHH Family
